How much are they?

For pricing please contact your Fresh N Frozen representative.

RRP - School Canteens

Every school is different. Some just need to provide a service, others have more bills and aim for 100%+ markup. Our pizza slabs are aimed to fit all categories.

With an RRP between \$4.50-\$6.50 you can provide a great meal at an affordable rate and still keep a fantastic margin.

RRP - Cafes

We understand that Cafes have much higher outgoings and our product performs amazingly under these conditions too.

With an RRP \$6-8 your customers will want to come back again and again. Especially if you air fry them!
