Food Co[®]**

Good Honest Food

At The Handmade Food Co we are passionate about making our products the old fashioned way – fresh bread and local ingredients made by hand with flavours that consumers will love!

The Handmade Food Co is very proud to be a 100% Australian family owned company. We are passionate about buying local and supporting our local farmers and manufacturers wherever possible because let's face it, supporting Australian farmers is good for all of us.

We love being part of our local community and support many local charities.

We hope you enjoy our products!

Storage guidelines

All products should remain hard frozen in a temperature monitored freezer at -18°C or below and stored in their outer carton until required as the best before date is printed on the outer carton.

All individual products have printed batch codes on their packaging for traceability.

When required, product is to be removed from freezer and thawed in a temperature monitored refrigerator at 5°C or below, thawing takes up to 12 hours, we recommend doing this the day before you require the product.

Heating guidelines

Croque Toasties

When heating in an oven or pie warmer in the heat proof packaging, it can be sold without a food licence.

Oven & Pie Warmer Heating

- Thaw before heating.
- Heat in an oven in heatproof packaging at 170°C for 10 minutes or until product is above 60°C .
- Once at core temperature, the product can be held in a pie warmer above 60°C for a maximum of 4 hours (including heating time).

Speed Oven Heating

- Thaw before heating.
- Remove from packaging.
- Heat as per pre-programmed settings or as per own validations.

Sandwich Press Heating

- Thaw before heating.
- Remove from packaging.
- Wrap Croque in non-stick grease proof paper to and place in the sandwich press for 2 minutes then lift sandwich press lid to prevent the croque top from burning and heat for a further 1-2 minutes with the lid up.
- Heating times will vary based on appliance used.

Ciabatta, Turkish, Toasties & Pocket Wraps

Sandwich Press/Grill Heating

- Thaw before heating.
- Remove from packaging.
- Toast in commercial sandwich press 4-6 minutes until product is golden brown with a core temperature above 60°C .
- Heating times will vary based on appliance used.

Speed Oven Heating

- Thaw before heating.
- Remove from packaging and heat as per pre-programmed settings or as per own validations.

All products must be coded with a USE BY code, or a similar traceability system when removed from the freezer.

The specific thawed shelf life timeframes are:

- 5 days thawed shelf life for Hot Dog
- 4 days thawed shelf life for Gluten Free Range: Toasties/Sandwiches
- 3 days thawed shelf life for all other Ranges: Sandwiches, Wraps, Croissants, Turkish, Ciabatta, Pocket wraps, Croques and Toasties

Please refer to FSANZ food handling guidelines as a reference.

Croissant

When heating in an oven or pie warmer in the heat proof packaging, it can be sold without a food licence.

Sandwich Press/Grill Heating

- Thaw before heating.
- Remove from packaging.
- Toast in sandwich press 2-4 minutes until croissant is golden with a core temperature above 60°C .

Speed Oven Heating

- Thaw before heating.
- Remove from packaging and heat as per pre-programmed settings or as per own validations.

Pie Warmer Heating

- Thaw before heating.
- Heat in heatproof packaging in the heating compartment of your 'hot hold' pie warmer or on the racking of the pie warmer. Heat the product to above 60°C as quickly as possible.
- Once at core temperature, the product can be held in a pie warmer above 60°C for a maximum of 2 hours.

Gluten Free Toastie

Sandwich Press/Grill Heating

- Thaw before heating.
- Remove clear plastic packaging, do not touch or remove sandwich from inside the brown bag.
- Toast on a low to medium heat setting for 3-4 minutes, until cheese is melted with a core temperature above 60°C .

This product can also be served chilled as a sandwich depending on customer's preference.

Hot Dog Roll/Bacon & Egg Roll

Speed Oven Heating

- Thaw before heating.
- Remove from packaging and heat as per pre-programmed settings or as per own validations.

Microwave

- Open one end of the wrapper and place product in microwave in packaging.
- Heat on high for 45-50 seconds in a 1000w microwave.
- Heating time may vary depending on microwave settings and power.

The Handmade Food Co is an Australian family owned sandwich company. We are proud to manufacture a wide range of products that are distributed throughout Australia.
